

ABOUT INSUROPE

**A great opportunity with no additional charge and no additional risk**

We are one of the longest established global pooling networks with 50 years of multinational experience. We partner with many of the world's leading employee benefits specialists and have a global presence in over 80 countries serving 700 multinational clients with 4,200 pooled country plans.

What is Multipool?

Insurope has been pioneering solutions for international corporations for the last 30 years.

Multipool is a multi-employer pooling arrangement that spreads risk among the participating employers and brings together economies of scale.

Our 'Multipool' solution was the first in which a percentage of each local plan surplus was paid annually as multinational dividend and it remains the market leading small groups pooling product – serving 450 multinational companies and 1,500 subsidiaries covering 280,000 employees.

With Multipool, smaller multinational corporations combine the results of their global insurance contracts.

In countries with a local plan surplus, a multinational dividend is paid to the client.

Any loss in the overall multinational profit and loss account in any year is automatically cancelled by the Insurope Network under a stop loss arrangement.

Multipool performance

Since 1984, Multipool clients who have had a positive pooling experience have received, on average, a multinational dividend equal to 35% of the local plan surplus (16% over the last 5 years).

75% of pooled plans on average are positive and return a dividend and 88% of Multipool clients receive dividends back.

Multipool has a **proven track record** and **excellent client service**.

**93%**

of **clients** would **recommend** Insurope's services to other corporations.

Joining Multipool

To be a Multipool client, a corporation must have an international presence in at least two countries and have plans covered by an Insurope Network Member in at least one country (to start with).
